

## APEC Study Centre Consortium

The PNG APEC Study Centre is part of a **consortium network** of APEC Study Centres supporting applied research and policy for the broad APEC goal of strengthening regional social and economic integration. In May 2018,

The PNG ASC hosted the **annual APEC Study Centres Consortium Conference (ASCCC)**, at the International Conventional Centre in Port Moresby. This is the premier event in the consortium calendar. The ASCCC brought together over 100 researchers, development practitioners and policy makers from across 21 APEC member countries to discuss new ideas and recommendations around the broad conference themes of **inclusive growth and connectivity**.

- The PNG ASC is delighted to share the ASCCC Conference proceedings
- Program and Timetable
- PowerPoint Presentations and Papers
